

December's News

Straight in to the season

Visits, work, races

December commenced with a visit to the Portes Du Soleil to visit some of the team at Sandstone communications where we picked up our race kit for the season. Next stop, Aosta, for one of our teaching weeks, where we were treated with 1 meter of fresh snowfall our arrival!

It was then onto Val Thorens for the next stop on the Europa Cup tour. We had the chance get a lot of training done on the course which meant both of our times from the first timed runs, to the final ones, improved massively, 4.5 seconds knocked off the time!

Now in our Christmas break, Zoe headed back to the UK for a few weeks to recover after a small foot injury in Val Thorens. The girls will be back together in January to resume all things snowy. Take a look below to see what we'll be getting up to in the New Year - very busy month ahead!
